

# Off We Go! Series

## Social Storybooks

for Children with Autism and other Communication Difficulties

The *Off We Go!* Series includes the following titles:

Irish books created by a Mum for her own son. More than just story books ...

The *Off We Go!* Series of books are beautifully illustrated, engaging story books for children which explain 'what comes next' on an outing, and therefore help children to get through the task or situation more easily.

Each book will provide the following benefits:

- Help children learn day to day skills
- Support language development and communication
- Build confidence and self esteem
- Provide children with structure and routine
- Show children 'what comes next' to prepare them for new experiences
- Improve the quality of life for children and their families. When children know what is happening they can manage better, everyone is happier
- Create awareness about children with disabilities

Each book has the following features:

- Simple, clear pictures and text describing the task
- A sequence of 12 steps bringing the child through the task, as recommended by speech and language therapists
- The same multi-ethnic family of characters is used, some of whom have a disability, to promote familiarity and learning

"The *Off We Go!* series provide a great, visual and easily understood, explanation of what to expect from a range of daily-life activities. These books will be helpful for any young child."  
David Coleman, Clinical Psychologist

"These are beautifully illustrated and easily understood story books to help prepare children for what to expect from a range of daily-life activities."  
Down Syndrome Ireland

"These books, in my opinion are a must have for any parent who would like their children to feel secure and have a level of understanding as to what will happen next."  
Shine Ireland - The Autism Charity -  
A Parent's Review

These books are of particular benefit to:

- Children with intellectual disabilities or autism
- Pre-school children
- Children who are learning English as a second language
