About the Authors

Fiona Forman:

Author of the ***Welcome to Well-Being***, ***Wired for Well-Being*** and ***Tools to Thrive*** programmes.

Co-author of the ***Weaving Well-Being*** programme.

Fiona Forman is an author, speaker, facilitator and trainer in the area of well-being and Positive Psychology.

Having spent many years as a primary school teacher, she is absolutely passionate about placing well-being at the heart of school life and she has seen first-hand the great benefits of empowering children, teachers and parents to understand, value and enhance their own mental health.

Fiona holds an M. Sc. in Applied Positive Psychology, the science of well-being, from the University of East London.

Fiona is also the mother of two young adults, which has deepened her awareness of the necessity to equip children with the support and skills that they need to develop resilience and to thrive and flourish in life.

Fiona is a regular media contributor on children's well-being and has spoken on this subject at conferences at both national and international level. She is available to deliver talks, workshops and CPD training to teachers and parents. For more information, please email co-author Fiona Forman at fiona.forman@gmail.com

Website: fionaformanwellbeing.com

Mick Rock:

Co-author of the ***Weaving Well-Being*** programme.

Mick is co-author of ***Weaving Well-Being*** as well as a qualified Executive Life Coach and Motivational Speaker who has helped hundreds of people to enhance their lives and achieve a wide variety of goals. As a parent of two boys Mick is extremely passionate about working with and helping children to deal with the various challenges in their lives, to increase their happiness and well-being and to fulfill their true potential.

Mick holds an M.Sc. in Applied Positive Psychology from the University of East London.

Introduction and Overview

Nurturing children's well-being all the way through their journey in primary and post-primary school is a core aim of education. By doing so, schools can help children to flourish, to reach their potential and to become confident and resilient.

This set of 4 Well-Being programmes is designed to support schools and teachers in this aim by providing a comprehensive, cohesive, consistent, structured and evidence-based approach to well-being education. Each of the 4 programmes is multi-level, with a total of 13 levels – one for each year of primary and post-primary school, as follows:

PRIMARY SCHOOL PROGRAMMES		
Welcome to Well-Being - (Fiona Forman)	3 levels	Junior Infants – 1st Class
Weaving Well-Being - (Fiona Forman & Mick Rock)	5 levels	2nd – 6th Class

POST-PRIMARY SCHOOL PROGRAMMES		
Wired for Well-Being - (Fiona Forman)	3 levels	1st – 3rd Year
Tools to Thrive - (Fiona Forman)	2 levels	5th – 6th Year

Key Features of the Programmes:

- Child-centred and teacher-friendly
- Based on Positive Psychology and neuroscience
- Each level of each programme may be used on a stand-alone basis, yet also build incrementally
- Extensively piloted and researched
- Pilot stages and research studies indicate very positive impact on student well-being and resilience
- Linked to the relevant SPHE curricula
- Designed in accordance with guidelines from Department of Education circulars 0042/2018 (primary) and 0043/2018 (post-primary)

Key Elements of the Programmes:

- 8-10 lessons per year level
- Teacher Resource book containing lessons plans, PowerPoints, posters and supplementary materials
- **Pupil Reflective Journal – research indicates that the Pupil Reflective Journal is a key element for successful outcomes**
- Digital page with online content for each lesson
- Parent Guide

Sample feedback

Welcome to Well-Being - 'I have loved implementing this programme in my class. It has been very beneficial and feels as though we are providing the children with key life skills from such an early age. It is fantastic to see the children in tune with their feelings and emotions and using the skills to navigate through difficulties. It was fabulous, the age-appropriateness of having 'Mo and Ko' was invaluable!' - Teacher

'This is an amazing programme and the most important subject in school if you ask me. Excellent programme. Very valuable for young children.' - Parent

Weaving Well-Being - 'I was astonished at how teacher-friendly every piece of material was – engaging, colourful and simple to follow... the children took great pride in their work and loved completing each activity.' - Teacher

'Such a positive programme which had a very positive impact on my child. Fun and interesting. I also benefited from it as a parent.' - Parent

'I loved learning about it. It helps me calm down faster and makes me happy more often.' - Student

Wired for Well-Being - 'Overall the programme was very beneficial and gave students a new perspective on their well-being.' – Teacher

'I really enjoyed these lessons, and they helped me.' – Student

Tools to Thrive - 'Tools to Thrive is a great programme and very informative.' - Teacher

'It was helpful and good for my brain!' – Student

RESEARCH FINDINGS

Independent research studies on the programmes suggest very positive impact on student well-being, including the following findings:

Welcome to Well-Being (Forman, 2021)

- Increased levels of emotional regulation
Quirke, 2021
- Significantly higher resilience levels
Development of new and emerging emotional regulation skills
High levels of engagement and enjoyment from students and teachers
O'Callaghan, 2023

www.otb.ie/wwwb-mic-ul-evaluation

Weaving Well-Being (Forman & Rock, 2017)

- Increased levels of positivity, sense of fulfilment, self-efficacy, autonomy and use of resilience skills
McGrath, 2017
- Increased levels of self-belief, motivation, perseverance and ability to deal with failure
Burns, 2019
- High levels of engagement, enjoyment and positivity
O'Neill, 2019
- Increased understanding of the language of well-being, increased comprehension of well-being, increased use of skills and strategies to support their own well-being and ability to deal with challenges
Ward, Scally, Reilly, Shortall, 2019
- Decreased levels of anxiety
McGrath, 2017; Gough, 2019
- Increased levels of self-efficacy
Burns, 2019

www.otb.ie/wwwb-research-summary

Wired for Well-Being (Forman, 2021)

- Significantly enhanced positive factors of well-being from baseline to post-intervention
- Suitable alternative to My Friends Youth that demonstrates better feasibility and promising effectiveness
- High levels of enjoyment and engagement by students
- All teachers would recommend the programme
Rice, 2021

Tools to Thrive (Forman, 2024)

- **New programme** - Research to follow

Scope and Sequence Chart for the Welcome to Well-Being and Weaving Well-Being Programmes - Primary Schools

This chart shows the scope, sequence and linkage of 7 key skills and concepts across the *Welcome to Well-Being* and *Weaving Well-Being* programmes. This provides students with the opportunity to gain a deeper understanding of each concept as they progress through primary and second level education. Having a multi-year structure in which skills and competencies are reinforced throughout the levels is a key element of effective social and emotional learning programmes.

Skills and Concepts							
Programmes	Language of Well-Being	Self-Efficacy and Resilience	Character Strengths	Cognitive Reframing	Emotional Competence and Regulation	Social Competence	Self-Compassion and Self-Worth
 Primary: Junior Infants - First Class Welcome to Well-Being Forman, 2021	All levels: Informal introduction to the language of well-being through use of characters (Mo and Ko)	All Levels: Introduction to core emotional regulation skills to build resilience, including strategies to deal with worry and other strong emotions	All levels: Informal introduction to 10 strengths, including bravery, kindness, teamwork, perseverance and zest	Levels B and C: Introduction to helpful self-talk	All levels: Labelling emotions Welcoming all emotions Upregulating positive emotions, including joy, pride, gratitude, love and serenity Downregulating negative emotions, including worry, sadness and anger	All levels: Introduction to pro-social behaviours, including kindness and empathy	All levels: Introduction to self-compassion and the concept of being 'good enough'
 Primary: Second Class - Sixth Class Weaving Well-Being Forman & Rock, 2017	All levels: Formal introduction to the language and key indicators of well-being Well-Being Self-Assessment	All levels: Informal approach to building self-efficacy through provision of an array of strategies and skills 4th Class: Exploration of 6 specific resilience skills, including mindfulness, perspective and healthy distraction 6th Class: Further exploration and development of self-efficacy beliefs, including Growth Mindset	2nd Class: Exploration of all 24 strengths and identification of top 5 strengths 4th Class: Revision of all 24 strengths All Levels: Reminders of Character Strength vocabulary	4th Class: Challenging and reframing Automatic Negative Thoughts (ANTs) 6th Class: Exploration of self-talk, self-efficacy beliefs and Thinking Traps, including catastrophising and mind-reading	3rd Class: Further development and reinforcement of strategies for upregulating positive emotions 4th Class: Further development and reinforcement of strategies for downregulating negative emotions, including mindfulness and exploration of 'Amygdala Hijack'	All levels: Reinforcement of pro-social behaviours 5th Class: Further exploration of 8 specific skills for building positive relationships, including conflict resolution, active listening, empathy and forgiveness	All levels: Reinforcement of the concept of self-acceptance and awareness of personal Character Strengths

WELCOME TO WELL-BEING

By Fiona Forman

 www.otb.ie/w2w

Independent research indicates very positive impact on student well-being ✓

Welcome to Well-Being is a 3-level SPHE and well-being programme for Junior Infants, Senior Infants and First Class. It is based on Positive Psychology, the science of well-being. Although the programme is incremental in nature, each level is also stand-alone.

The programme aims to enhance children’s well-being and resilience through developing specific skills including emotional intelligence and regulation, boosting positive emotions and enhancing social skills and self-confidence.

The theme of the programme is that two small aliens called Mo and Ko arrive from a planet called Zo to help children feel happy, strong, kind and brave, loving and well. Each week they introduce children to a new idea and they set a challenge for the children to try it out for the week – at home as well as at school. By default, the characters Mo & Ko are gender-neutral. A gender-specific version has also been made available from the publisher.

There is a teacher book and accompanying pupil book for each of the three levels. The teacher book is supported by a comprehensive digital companion page which contains PowerPoints for all 10 levels in each book, supplementary activities, classroom posters, supporting videos and other digital content. The pupil book is colourful and appealing to young children and comes with a 4-page parental pull-out explaining the programme.

Recommended for ages: 4.5 to 7+

FRAMEWORK OF THE WELCOME TO WELL-BEING PROGRAMME

Welcome to Well-Being - Book A: Meet Mo and Ko!	Welcome to Well-Being - Book B: Good to be me with Mo and Ko!	Welcome to Well-Being - Book C: Feeling good with Mo and Ko!
Lesson 1: It's good to be me	Lesson 1: I can be my best self	Lesson 1: We all belong
Lesson 2: All feelings are OK	Lesson 2: I can name my feelings	Lesson 2: We can name our feelings
Lesson 3: I'm ready for my big feelings	Lesson 3: I can name more feelings	Lesson 3: We can express our feelings
Lesson 4: Spread happiness	Lesson 4: I can tame my feelings	Lesson 4: We can feel our energy
Lesson 5: It's cool to be calm	Lesson 5: Sprinkle kindness	Lesson 5: We can change our energy
Lesson 6: It's OK to feel sad	Lesson 6: I'm ready to relax	Lesson 6: We can do hard things
Lesson 7: I'm proud of myself	Lesson 7: It's OK to feel worried	Lesson 7: We are good enough
Lesson 8: It's OK to feel angry	Lesson 8: Today I'm thankful	Lesson 8: We care and share
Lesson 9: I can be brave	Lesson 9: My friends have feelings too	Lesson 9: We can solve our problems
Lesson 10: It's good to be me	Lesson 10: It's good to be us	Lesson 10: It's good to be us

KEY FEATURES

The programme is multi-level, with a specific age-appropriate Pupil Book for children from Junior Infants to First Class.

- Each level has 10 lessons
- There is a pull-out Parent Guide at the centre of each Pupil Book, to advise parents on how to best support their children to get the most out of the skills and embed them into their daily lives.
- Each lesson has a homework activity in which the children, with their parents, read an accompanying poem that reinforces the message of the lesson. Children are also asked to draw a picture of themselves doing that week's challenge.
- After the 10 lessons have been completed, parents should continue to remind children of the skills and strategies whenever possible.
- The programme is ideally designed to build skills over a 3-year period by providing children with the opportunity to revise and deepen their understanding, year-on-year.

Sample of pages from children's Pupil Book

Digital Companion pages for each level, including PowerPoints, supplementary activities, classroom posters, supporting videos and other digital content.

PowerPoint Presentations included for each class programme.

POSTER SETS: A, B & C

Enhance your school's Welcome to Well-Being lessons by displaying these sets of full colour A3 posters.

Weaving Well-Being

THE MORE YOU WEAVE...
THE BETTER YOU FEEL!

By Fiona Forman & Mick Rock

Weaving Well-Being is the first Irish designed positive mental health programme of its kind which aims to enhance well-being in children aged from 8-12 years within the framework of the SPHE curriculum. Weaving Well-Being is grounded in Positive Psychology.

Week 8	Lesson 8: Understanding Strengths 17 to 20	Lesson 8: Healthy Body, Happy Mind	Lesson 10: N.A.B.B. (Name, Accept, Breathe, Body)	Lesson 8: No More Snap Judgements!	Lesson 8: Belief 7 - I can make a difference
Week 9	Lesson 9: Understanding Strengths 21 to 24	Lesson 9: Positive Emotion Potion - Mix and Enjoy		Lesson 9: Give, Give, Give!	Lesson 9: Belief 8 - My actions are powerful
Week 10	Lesson 10: Identifying and using my top 5 Strengths	Lesson 10: Review		Lesson 10: Taking All the Steps	Lesson 10: Charging up my batteries - Empowering Beliefs in action

Concepts Covered: Language of Well-Being · Understanding Strengths · Identifying Own Strengths · Strength Spotting (Lessons 4 - 10) · Using Strengths · Identifying and using my top 5 Strengths

Concepts Covered: Expressing Gratitude · Flow Experiences · Random Acts of Kindness · Rainbow Moments · Healthy Body, Happy Mind

Concepts Covered: Perspective · Healthy Distraction · Problem Focused Planning · Cognitive Reframing · Using Character Strengths · Mindfulness

Concepts Covered: Respect · Empathy · Looking for Win-Wins · Active Listening · Forgiveness

Concepts Covered: Challenging Limiting Beliefs (Lessons 1 - 10) · Self-Talk · Growth Mindsets · Self-Acceptance · Making a Difference

Reinforcement and Progression of Core Concepts through the Weaving Well-Being Programme

The following chart shows the progression and reinforcement of eight key concepts which are at the core of the *Weaving Well-Being* programme. Each concept is reinforced and revised at subsequent year levels, which provides opportunities for the children to gain deeper engagement and understanding as they progress through the primary school system. Having a multi-year structure which provides opportunities for re-engagement with skills and concepts throughout the levels has been shown to be a key element of effective programmes. (Weissberg, R. P., Goren, P., Domitrovich, C., & Dusenbury, L. (2013). CASEL guide -Effective social and emotional learning programs: Preschool and elementary school edition. Chicago, IL: CASEL.)

Growth Mindset	Language of Well-Being	Self- Efficacy	Character Strengths	Cognitive Reframing	Emotional Competence	Social Competence	Making a Difference
2 nd Class: All Lessons	2 nd Class: Lessons 1 & 2	2 nd Class: Lesson 2	2 nd Class: Lessons 3 - 10		2 nd Class: Lessons 4, 5 & 10	2 nd Class: Lessons 5, 6 & 10	2 nd Class: Lesson 10
3 rd Class: All Lessons	3 rd Class: Lesson 1	3 rd Class: Lesson 3	3 rd Class: Lesson 4		3 rd Class: Lessons 2 - 10	3 rd Class: Lessons 4 & 6	3 rd Class: Lesson 6

5 th Class: All Lessons	5 th Class: Lesson 1	5 th Class: Lesson 10	5 th Class: Lesson 6	5 th Class: Lesson 8	5 th Class: Lesson 3	5 th Class: Lessons 2 - 10	5 th Class: Lesson 9
6 th Class: All Lessons	6 th Class: Lesson 1	6 th Class: Lessons 1-10	6 th Class: Lesson 5	6 th Class: Lessons 1, 2 & 4	6 th Class: Lesson 7	6 th Class: Lesson 7	6 th Class: Lesson 8

Growth Mindset: The concept of growth mindset was developed by psychologist Carol Dweck of Stanford University. To have a growth mindset is to believe that personal qualities and abilities can change, develop and improve with sustained effort. This is in contrast to having a fixed mindset, which is to believe that abilities are fixed and do not really change over time. This concept is developed formally in the Sixth Class programme, however it is a central concept throughout the entire programme; growth mindset underpins the process through which the children learn that their well-being can be enhanced and improved through a range of activities and strategies.

Language of Well-Being: The *Weaving Well-Being* definition of well-being is introduced in the Second Class programme. This allows for conversations on the topic of mental health and well-being to be normalised from a young age. It is reinforced in the Third Class programme and is then referred to in all the subsequent levels. Class posters showing this definition are included in the Teacher Manual for each level. A pupil self-assessment sheet, based on this definition, is also included at the back of each Pupil Book and can be used at the teacher's discretion at various intervals during the year.

Self-Efficacy: Self-efficacy is the belief that a person has in their own ability to achieve their goals and succeed in challenges. The *Weaving Well-Being* programme aims to equip children with a wide range of practical strategies which they can use to boost their well-being and overcome challenges and limiting beliefs. This concept is introduced in Second Class and reinforced formally throughout all subsequent levels.

Character Strengths: The 24 Character Strengths from Positive Psychology are introduced and developed at an in-depth level throughout the Second Class programme. They are then referred to in all subsequent levels including a detailed revision lesson in the Fourth Class programme.

Cognitive Reframing: Cognitive Reframing forms the basis for Cognitive Behavioural Therapy and refers to the idea of challenging unhelpful and inaccurate negative thoughts. These thoughts can then be reframed in a more accurate and helpful way. This concept involves children reflecting on their own thinking, which is known as metacognition. Due to the complexity of this concept, it is not introduced until Fourth Class. It is then reinforced in Fifth Class and developed at an in-depth level in Sixth Class. It is important to note that cognitive reframing does not always mean replacing negative thoughts with positive ones, as this may be unrealistic and counter-productive. The aim is to challenge inaccurate negative thoughts and replace them with more logical and accurate ones.

Emotional Competence: Emotional competence refers to the concept of understanding and expressing emotions appropriately. Emotional competence is introduced in the Second Class programme and forms the basis of the Third Class programme. Many of the skills associated with it, including emotional awareness and self-regulation, are developed throughout all subsequent levels of the programme.

Social Competence: Social competence refers to the ability to interact positively with others. This concept is introduced in Second Class and all subsequent levels provide opportunities for developing social skills. Social and relationship skills form the basis of the Fifth Class programme.

Making a Difference: The concept of making a difference involves the idea of contributing, helping others and making the world a better place. It involves looking beyond the self and focusing on the wider context. This concept is introduced in the Second Class programme and is reinforced formally at all subsequent levels.

Poster Set

Enhance your school's Weaving Well-Being lessons with this set of full-colour A3 posters. The set of nine posters features the tools and strategies introduced in each level of the programme.

Independent research indicates very positive impact on student well-being ✓

*** 3 LEVELS ***

Wired For Well-Being is a three-year SPHE and well-being programme designed for Junior Cycle students. Although the programme is incremental in nature, each level is also stand-alone. It aims to teach students to understand and enhance their own well-being through a range of evidence-based strategies and skills. It consists of 3 Teacher Resource Books and 3 corresponding Pupil Books. The Teacher books include digital content including PowerPoints for the 8 lesson plans in each book.

Author: Fiona Forman

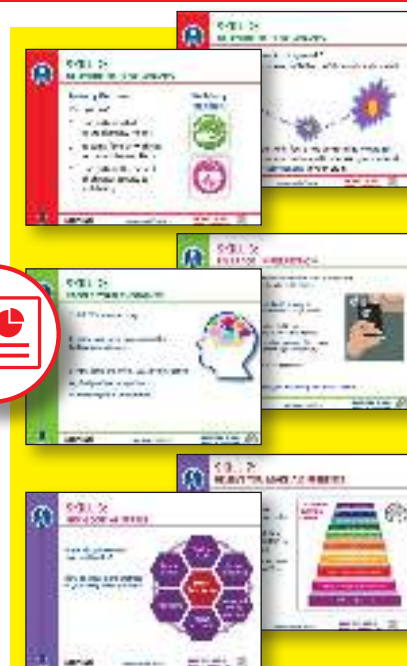

It was created in line with the revised **SPHE curriculum Learning Outcomes** (2023) and the Well-Being indicators outlined in the **Well-Being Guidelines for Junior Cycle** (2021).

Wired for Well-Being is incremental in nature. Concepts and skills are reinforced and revised throughout the 3 levels. The programme is drawn from the fields of Positive Psychology and Neuroscience, in order to develop positive well-being habits for life.

Recommended ages: 12-15+

Each level has 8 lessons, containing the following elements:

- **Lesson plans** - containing relevant SPHE modules and DES well-being indicators (Resilient, Connected, Respected, Active, Aware and Responsible), lesson outcomes, resources, Body and Mind Check-in meditation, warm-up activities, subsequent development and supplementary photocopiable resources.
- **PowerPoint slides** - containing all relevant material for the presentation of the lesson including a multi-media element and links to online research articles for further information if required. All of these are contained on a comprehensive **Digital Companion Page** – one for each of the three levels.
- **Pupil Book** - containing four pupil activity pages per lesson including key message, self-assessment and homework activity. Some lessons also include 'Replay' sections to remind the students of previous levels of the programme.
- **Parent/Guardian/Carer Guide** - a pull-out section for parents to learn about and support their child in using the new skills.
- **Digital Companion Pages** - containing downloadable PowerPoints, supplementary worksheets, videos and other valuable materials to support the delivery of each level of the programme.

Tools to Thrive is a two-level positive mental well-being programme, based on Positive Psychology and neuroscience. It is aimed at students aged 15 and older.

By Fiona Forman

Additional material by Laura Meehan (Graduate Diploma SPHE)

Supports all of the Learning Outcomes of 2 of the 3 strands of the Revised Senior Cycle SPHE curriculum.

*** 2 LEVELS ***

Tools to Thrive is a 2-level positive mental well-being programme for Senior Cycle SPHE. Each level has 8 lessons which are designed to be taught consecutively where possible. Each lesson may be taught over a one-hour class period, or maybe be split over 2 lesson periods if desired also.

Research also shows that having a high level of well-being is the greatest predictor of happiness and success in life for both adults and young people (Layard et al., 2014).

However, young people face ever-increasing challenges and demands as they grow into adulthood; there is a vital need to equip them with the skills and strategies that will help them to flourish and thrive despite these challenges.

The **Tools to Thrive** programme aims to introduce adolescents to these evidence-based skills (tools), drawn from the field of Positive Psychology, to develop positive well-being habits for life. Each lesson also indicates the neuroscience behind each tool, in order to give students an understanding of what is happening in the brain as each tool is utilised.

The programme is designed in alignment with the 4 key features of effective teaching and learning in SPHE - **awareness, dialogue, reflection and action** (NCCA, 2023)

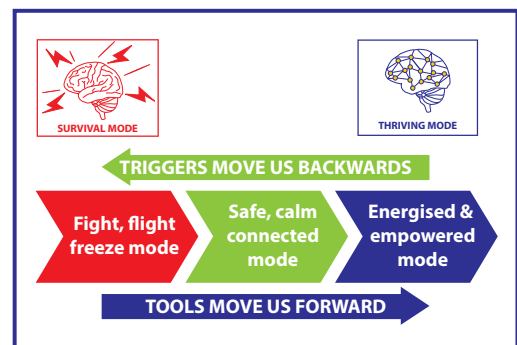

The programme aims to support teaching in all of the Learning Outcomes of 2 of the 3 strands of the Revised Senior Cycle SPHE curriculum, namely, **Health and Well-Being** and **Into Adulthood**.

The majority of these Learning Outcomes (11 of the 16), are covered within Levels A & B of the programme. The remaining 5 are covered in **Tools to Thrive: Level B Follow-On**, which comprises of 3 further online lessons.

Recommended Ages: 15+

Aim of the programme:

Tools to Thrive aims to introduce young people to skills and strategies from the fields of Positive Psychology and neuroscience to empower them to become active participants in understanding, creating and maintaining their well-being and resilience. A key element of the programme is its focus on helping students to understand and regulate their own nervous systems through use of a variety of evidence-based tools.

Tools 2 Thrive

BOOK A

- Lesson 1:** How to Thrive
- Lesson 2:** Tool 1: Soothe Your Survival Brain
- Lesson 3:** Tool 2: Activate Your Thriving Brain
- Lesson 4:** Tool 3: Boost Your Thriving Emotions
- Lesson 5:** Tool 4: Train Your Thoughts
- Lesson 6:** Tool 5: Embody Your Values
- Lesson 7:** Tool 6: Believe in Yourself
- Lesson 8:** It's Time to Thrive

BOOK B

- Lesson 1:** From Surviving to Thriving
- Lesson 2:** Tool 1: Manage Your Mood
- Lesson 3:** Tool 2: Activate Your Goals
- Lesson 4:** Tool 3: Control Your Attention
- Lesson 5:** Tool 4: Communicate to Connect
- Lesson 6:** Tool 5: Embrace Stress
- Lesson 7:** Tool 6: Cultivate Your Resilience Mindset
- Lesson 8:** It's Time to Thrive

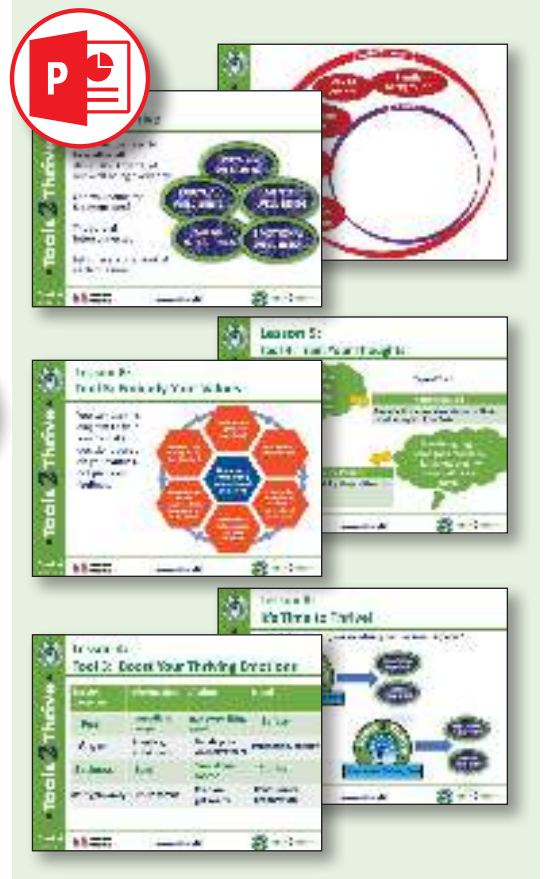

Structure of Programme

The programme has 8 lessons, each with the following components:

- Lesson plan** - containing relevant SPHE outcomes, lesson outcomes, introduction, subsequent development, suggested supplementary resources and posters
- PowerPoint slides** - containing all relevant material for the presentation of the lesson, including a multi-media element
- Student Reflective Journal** - containing 2 reflections per lesson, key message, and end of week reflection. *This Reflective Journal is confidential to the student and sharing reflections with the class or teacher should always be optional*
- Online Parent/Guardian Guide**
- Digital Companion Pages** - containing downloadable PowerPoints, supplementary worksheets, videos and other valuable materials to support the delivery of each level of the programme
- Posters**

Timing: The lessons are best suited for delivery in a one-hour time frame over 8 consecutive weeks if possible. Some lessons made need to be split over 2 time periods or adapted as necessary by the teacher.

•Tools 2 Thrive•

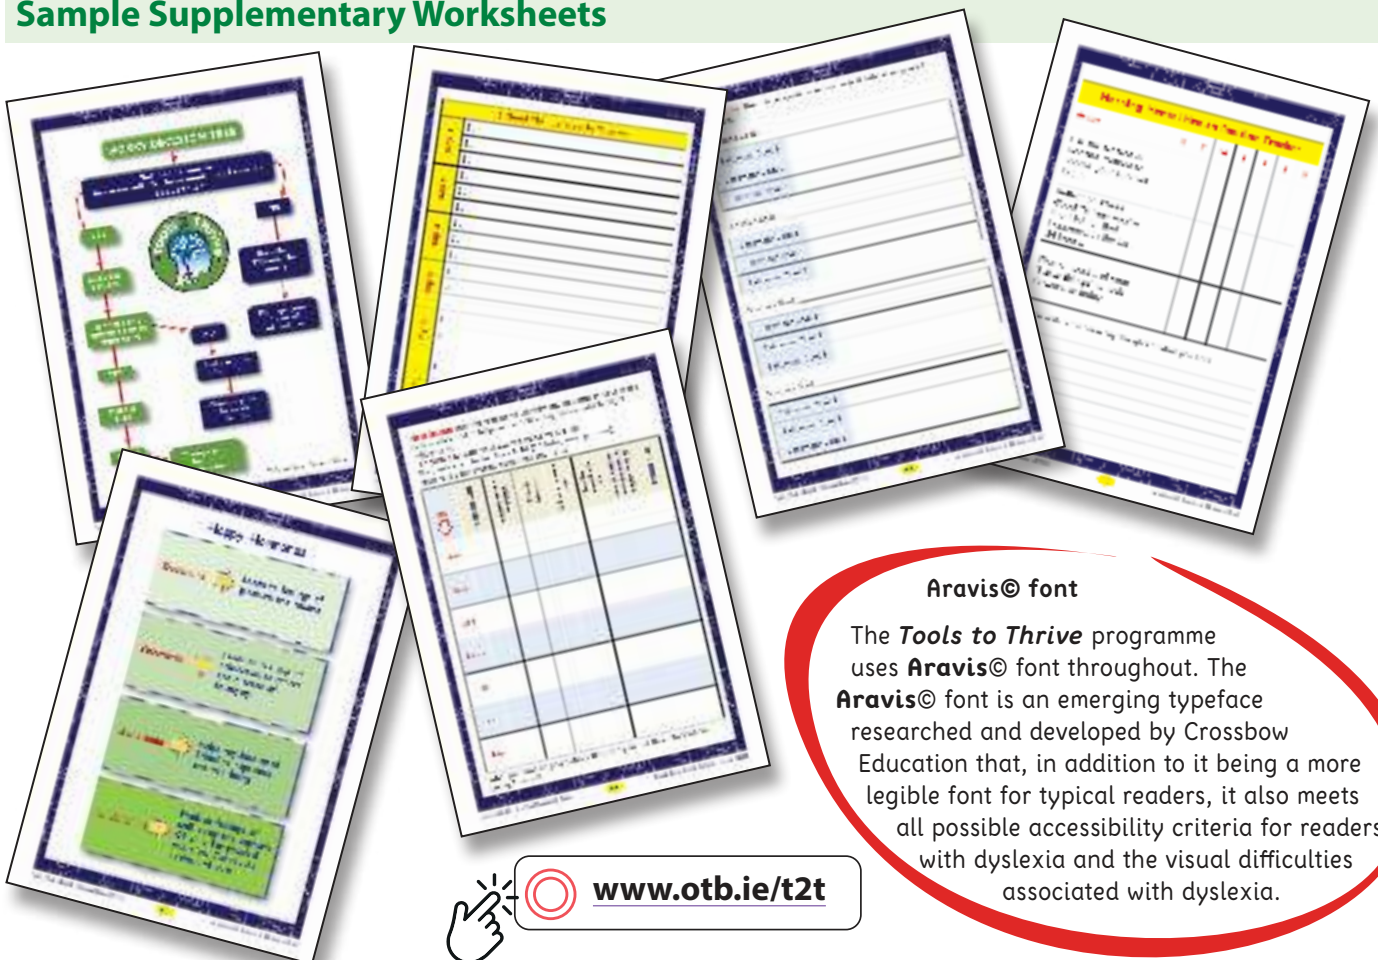

The following definition of thriving is introduced and explored throughout the programme:

To **thrive** is to have good levels of **well-being** and to mostly feel **confident, happy** and **good about yourself** and **your life**. When you are thriving, you are growing into the best version of yourself and **reaching towards your potential**. You **feel connected to others** and you **understand that you** can have a **positive impact** on the people around you and the wider world too. You feel **resilient** and **trust yourself** to be able to cope with the challenges and difficulties of life. You **believe in yourself** and know that you are **good enough**, just as you are.

Thriving doesn't mean feeling happy and positive **all of the time**, it means understanding that **all of your emotions are important** and having helpful ways to deal with difficult emotions.

In order to thrive, you must first make sure that you know how to guide your **brain** and **nervous system** into thriving mode, which means feeling **safe, calm** and **connected**. This is known as **regulating** the nervous system. From this calm state, you can then guide yourself to become **energised** and **empowered** whenever you need to.

Sample Supplementary Worksheets

Aravis© font

The *Tools to Thrive* programme uses **Aravis©** font throughout. The **Aravis©** font is an emerging typeface researched and developed by Crossbow Education that, in addition to it being a more legible font for typical readers, it also meets all possible accessibility criteria for readers with dyslexia and the visual difficulties associated with dyslexia.

WELL-BEING CHECK IN POSTERS (PRIMARY & POST-PRIMARY)

Well-Being Check-In Posters (Primary)

The new **Well-Being Check-In Posters** for primary schools by author Fiona Forman are a series of pairs of large, A1 Size Laminated Posters (841 x 594 mm) designed to assist children to identify their mood and then offer them suggested strategies that will help them to improve their mood, should they wish to do so.

There are 4 levels as follows: Poster 1A & 1B: Junior Infants & Senior Infants Classes. Poster 2A & 2B: First & Second Classes. Poster 3A & 3B: Third & Fourth Classes. Poster 4A & 4B: Fifth & Sixth Classes.

All posters come with a **Digital Companion Page (DCP)** which allows the teacher to show the posters on an interactive whiteboard as well as download more 'Name Tag' sheets (should be laminated) if required. The **DCP** also includes further suggested ideas from the author on the use of the posters.

In the 4 levels, Poster A is interactive. The children's names are written on individual tags which are velcroed into the box provided at the bottom of the poster called 'Our Class' along with the names of the rest of their classmates and their teacher and SNA. At the beginning of each day, children select their name card and place it in one of three boxes indicating their mood – Good, OK or Not-so-good. They are then encouraged to use Poster B to try some of the 'Things They Can Do' to improve their mood should they wish to.

For prices and to order scan the QR code here, or go to:
www.otb.ie/well-being-check-in-p

Well-Being Check-In Posters (Post-primary)

The new **Well-Being Check-In Posters** for post-primary schools by author Fiona Forman are a pair of large, A1 Size Laminated Posters (841 x 594 mm) designed to assist teenagers and adolescents to identify their mood and then offer them suggested strategies that will help them to improve their mood.

The posters have an accompanying **Digital Companion Page (DCP)** which allows the teacher to show the posters on an interactive whiteboard. The **DCP** also includes further suggested ideas from the author on the use of the posters.

Posters are sold in pairs (A & B) and are not available as single posters. This is because Poster A is a mood self-identification tool for the student and Poster B is a 'remedy' for improving mood once identified, should they wish to do so.

BOOKS FOR PARENTS & CHILDREN

Braver than you Believe

A Parent's Guide to Building Children's Resilience using Positive Psychology Skills - By Fiona Forman

Braver than you Believe is a timely and practical resource for parents on how to equip children with skills and strategies to help them to flourish and thrive in life, despite the inevitable challenges, difficulties and obstacles that will come their way. In doing so, parents can lay the groundwork for children to reach their full potential and to blossom into happy, fulfilled adults.

Self-Kindness for Kids:

Whizzo-Voice to the Rescue! - By Fiona Forman

This little book will help children to engage in positive self-talk and be kind to themselves.

Have you ever said things like this to yourself? 'I'm such an idiot!' 'I can't believe I did that, I'm so stupid!' The truth is that we all speak to ourselves unkindly sometimes. This can make us feel very unhappy and it can affect our confidence too.

The good news is that we can learn to speak to ourselves in a kinder and more helpful way. When we treat ourselves with self-kindness, we will feel stronger and braver so that we are ready for all of the adventures and challenges that life will throw at us!
