REVISED Newell Literacy Programme

New
Revised
Edition

The fully revised **Newell Literacy Programme** is a phonics-based programme that concentrates on fusing the sounds of individual letters into syllables and words for reading, writing and spelling. The revised edition uses Sassoon® Infant font throughout. The font, carefully chosen by the author, was researched with children, for children and developed specially for use in children's reading books to improve legibility for large blocks of reading matter.

The **Newell Literacy Programme** evolved as a result of Irish author Anne Newell's thirty-three years teaching experience, mainly in the area of learning support. It comprises of seven books, progressing in difficulty through the programme, each containing highly structured and finely graded lesson plans

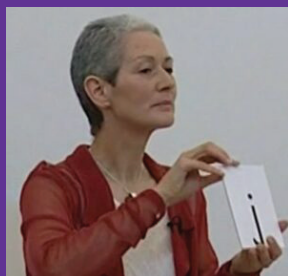

The programme comprises of flashcards and seven teacher manuals, each accompanied by a Digital Companion Page that includes an eBook version of the manual. The programme progresses in difficulty from level to level, each level containing highly structured and finely graded lesson plans. The strategies used to teach the programme are a modified version of the Orton-Gillingham Approach. Each photocopiable book/eBook comes with a step-

by-step description of the teaching methods and techniques, complete with a detailed listing of individual lessons. Importantly, the programme retains the flexibility for teachers to dip in and out of specific lessons as may be appropriate for diverse learning requirements.

The programme introduces only one phonic element at a time. It starts with the simplest skills and slowly progresses to more and more complex rules. Each lesson is based upon and linked to all the previous skills learned, so skills acquisition is cumulative. Less clutter and no unnecessary text make it easy to follow. A cognitive approach gives the students control over their own learning and they play an active role in building their own words and sentences. With no graphics, childish or otherwise, the programme can be used for all ages from 5 to adult and for those learning English as a new language.

A set of A5 flashcards (30 separate cards) and a tutorial video accompany the programme and are included with the full kit.

About the Author

Anne Newell is a former teacher and trainer and is renowned amongst the teaching profession for the range of successful in-service literacy courses she has provided for thousands of teachers. With over thirty years teaching experience in the area of literacy, she is a highly respected educationalist and a former lecturer in the Diploma in Remedial Education at University College Galway in Ireland.

Programme Features:

- Seven Books - Each photocopiable book/eBook comes with a step-by-step description of the teaching methods and techniques, complete with a detailed listing of individual lessons.
- Readily adaptable for Full Class instruction, Learning Support, Resource, Adult Literacy, etc.
- Uniquely developed for the Irish Curriculum
- Reinforces classroom work - 100% integration with current reading programme
- Student progression at his/her/their own individual rate
- Sassoon® Infant font throughout. The font, was researched with children, for children and developed specially for use in children's reading books to improve legibility for large blocks of reading matter
- Hours of phonic learning activities and fun
- 30 separate A5 flashcards to accompany Books 1-4 and enhance the programme
- Digital Companion Page for each manual, which includes an eBook version of the manual
- Each photocopiable book/eBook comes with a step-by-step description of the teaching methods and techniques, complete with a detailed listing of individual lessons
- Importantly, the programme retains the flexibility for teachers to dip in and out of specific lessons as may be appropriate for diverse learning requirements.

WHAT EACH TEACHER BOOK/eBOOK COVERS:

BOOK 1

Book 1 - Sounds: A – Z:

The first principle of this technique is to teach the names and sounds of the letters and then concentrate on fusing the sounds of individual letters into syllables and words for reading, writing and spelling. Constant reinforcement comes through visual, auditory and kinesthetic linkages.

BOOK 2

Book 2 - Initial & Final Blends:

The names and sounds of all the letters of the alphabet are continually revised in this book. Final and Initial blends are introduced.

BOOK 3

Book 3 - Sh, ch, th, wh, ing, ang, ong, ung, ink, ank, onk, unk, double ff, double ll, double ss, all, ck, and tch:

This book revises all the skills learned in Books 1 and 2 and introduces consonant digraphs e.g. sh, ch, th, wh and also ing, ang, ong, ung, ink, ank, onk, unk, double ff, double ll, double ss, all, ck, and tch.

BOOK 4

Book 4 - Vowel, consonant, 'e' rule – Y acting as a vowel, Syllable Division, Hard and soft c, Hard and soft g, Open/closed vowel:

It introduces the v-c-e rule e.g. safe, Pete, pine, home, y as in fly, frosty and Flynn, syllable division e.g. den\tist, mis\take, dis\trect, con\crete, dish\cloth, hard and soft c, hard and soft g and also illustrates how to divide two syllable words like tulip, female and poet.

BOOK 5

Book 5 (-ild, -int, -ind, -ost, -olt, -old, R controlled words and syllables, The three sounds of 'ed', The Doubling rule, Dropping the E rule, Consonant -le rule, The three sounds of 'ch'):

Revises all the skills learned in Books 1, 2, 3 and 4.

BOOK 6

Book 6 (Diphthong/digraph syllables, compound words, r-controlled diphthong syllables, plurals, silent letters and the sound of ph):

The first lesson in Book 6 is the vowel digraph ee as in sheep, keep, sleep, feed etc.

BOOK 7

Book 7 (Suffixes & Prefixes):

The first lesson introduces the suffix **ly**, as in the word **swiftly**. When each new suffix is mastered the student adds the suffix to the base word to make words e.g.: **swift+ly = swiftly**, **quick+ly = quickly**, **slow+ly = slowly**, **help+ful = helpful**, **play+ful = playful**, **thank+ful = thankful** etc.
